

*A Direct Route to  
Improved Efficiency & Added Value*

## **The PGL mission is to....**

***Always meet or exceed expectations,  
by designing and implementing  
logistics strategies, which provide our  
customers with the least cost,  
best service, solutions***

### **What We Do**

*Preferred Global Logistics is a non-asset-based third-party logistics company. Because we are non-asset-based, we can work with truck, rail, ocean, and air carriers to serve our customers with a single call. We design solutions to fit our customers needs rather than the utilization of owned equipment.*

### **Our People**

*The PGL team is comprised of professionals with a high level of creativity, flexibility, and customer service skills. Our team players are experts in many industries. They have the technology and expertise to solve logistics challenges and move products from origin to destination, anywhere in the world.*
